5. Passing criteria:

CA Intermediate exams are conducted twice in a year, in the months of May and November. A student can take either single group at a time or give both the groups together. He/she should secure a minimum of 40% marks in each paper and an aggregate of 50% in each group to clear CA Intermediate course. Tentatively, your exams in Nov 2018 will commence from 2nd Nov, 2018 and **you will get one day holiday after every examination. Your result of CA INTERMEDIATE examination will be declared tentatively on 31st January, 2019.**

6. Exemption criteria:

A candidate who has appeared in all the papers comprised in a group and fails in one or more papers comprised in that group but secures a minimum of 60% of the marks in any paper or papers of that group shall be eligible for exemption in that paper or papers in the next 3 following examinations.

He shall be declared to have passed in that group if he secures at one sitting a minimum of 40% marks in each of the papers of that group and a minimum of 50% of the total marks of all the papers of that group including the paper/s in which he had secured a minimum of 60% marks in the earlier examination.

He/she shall not be eligible for any further exemption in the remaining paper(s) of that group/unit until he/she has exhausted the exemption already granted to him in that group/unit.

The exemption is automatic and will be found indicated in the statement of marks issued by the Institute.

7. What are the advantages of giving Both Groups in Intermediate together?

It is always good to give both Groups together and our first recommendation is always to give both groups in first attempt.

(a) Considered for Ranks only if appearing in both groups simultaneously

If you score well, you will get a Rank. If you give one by one group, you never have any chances of getting a rank. ICAI has stopped giving ranks in CA CPT but at Intermediate and Final level, ranks are awarded from 1 to 50.

(b) Set-off is possible only if appearing in both groups simultaneously

Say a student got 240 in Group I and 170 in Group II, with 410 marks in total; he will be treated to have passed CA Intermediate both groups in his/her first attempt.

(c) Good Placement with reputed CA Firms, if appearing in both groups simultaneously

If you are looking for training/ placement with a reputed CA Firm, you should opt for both groups simultaneously. Additionally, your CV will look more attractive.

8. Four Week Integrated Course on Information Technology and Soft Skills (ICITSS):

You need to undergo four week ICITSS Course at any of ICAI Branches either before appearing in Intermediate Examinations or before commencement of practical training.

9. CA Articleship Training:

Under the Present Scheme of Education & Training **3 years of articleship training** has been designed to strike a balance between theoretical education and practical training. You should shortlist certain CA Firms even before Intermediate result is declared. As soon as the result is declared, submit your CV to the shortlisted CA Firms and start your training in the month of Feb 2019.

10. Four Week Advanced Integrated Course on Information Technology and Soft Skills (AICITSS)

- Successfully complete four weeks AICITSS during the last two years of Practical Training, but before appearing to Final Examination.

11. Final Examination:

You must have completed the practical training of minimum two and half years to be eligible for CA Final attempt. So in your case, **earliest CA Final attempt will be in Nov 2021**. CA Final has two groups comprising of 4 papers each. Your result of CA Final examination will be declared tentatively on 17th January, 2022. You will complete your training in February 2022 and then you will be a Qualified Chartered Accountant.

All the best.

Warm regards,
